Guided tours give visitors a fascinating insight into the Castle and Carnarvon family who created it and still lived here

The Library at Highclere Castle

This lovely south facing Drawing Room was very much the work of Almira, the 5th Countess of Carnarvon, in the late 1890's

The Saloon, with 50' vaulted ceiling, lies at the heart of Highclere Castle

The Castle Tearooms serve lunches, teas, coffees and a range of sandwiches and cakes, freshly made every day in the Castle's kitchens, whilst the Gift Shop is open from 12 noon to 5pm selling local produce, small gifts, Egyptian mementoes, jewellery and books

Highclere Castle is set in over 1,000 acres of stunning 18th century parkland, designed by the renowned landscape architect, 'Capability' Brown

Visitors can enjoy walks through the Castle's lawns, the 'Monks Garden', 'the Secret Garden' and the Woodland Walks

The Gardens and Grounds are included in the Tour Ticket

Special Events Calendar
For details, please visit the Castle website:
