### 2) Beacon Hill Public Footpath

**Access:** From Whitway Road, off the A34

**Open:** Throughout the year.

**Dogs:** Must be kept on a lead.

**Description:** The Estate continues to lease Beacon Hill to Hampshire County Council as an area of open access. From the car park at the foot of the hill, it is a steep climb to the top from which the views of the surrounding downlands are superb.

The 5<sup>th</sup> Earl of Carnarvon (who discovered the tomb of Tutankhamun) is buried at the top which makes Beacon Hill an area of outstanding interest as well as beauty. You can see the remains of the Iron Age Fort and look into the bowl of the grassy landscape that was used for sheep grazing for over 1000 years before the 5<sup>th</sup> Earl created a horse stud there.

### 4) Milford Lake Summer Walk.

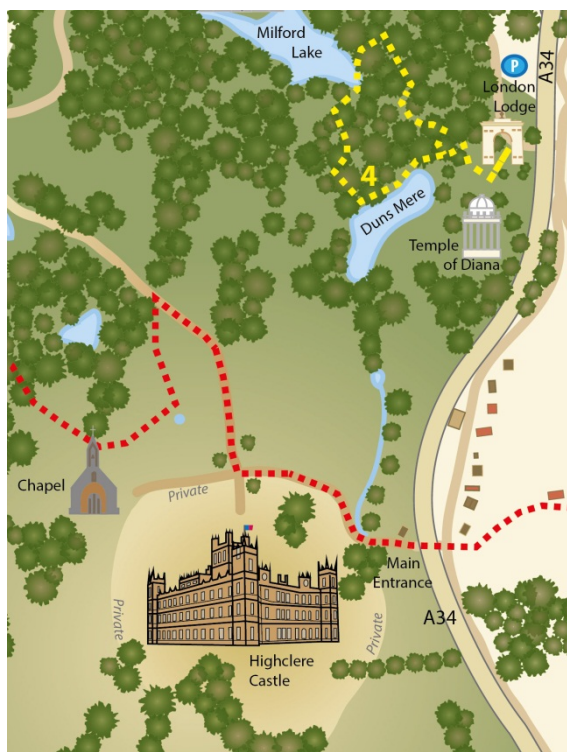

**Access:** From Penwood Road, off the A34. Please note there is no parking on site.

**Open:** First and second weekends in May and then 7 days per week throughout July and August.

**Dogs:** Must be kept on a lead.

**Description:** The Rhododendron and Azalea around Milford Lake have been admired by visitors for nearly 200 years. Some of the Rhododendrons have been massed together for effect and there are also individual, unusual species collected for colour and rarity. The lakes were first created by the 2<sup>nd</sup> Earl of Carnarvon (1772-1833) and then were significantly developed by the 7<sup>th</sup> Earl (1924-2001) and his friend, the renowned landscape gardener, Jim Russell.

The Milford Lake Walk begins just inside the drive to London Lodge (off the Penwood Road). It takes the visitors down in a circular route past some very old and tall azaleas. The southern part of the walk follows a woodland path and skirts past Dunsmere Lake, looking across at the Temple of Diana. Walk indicated in yellow on map below.

**Access:** From Penwood Road off the A34. Please note there is no parking on site.

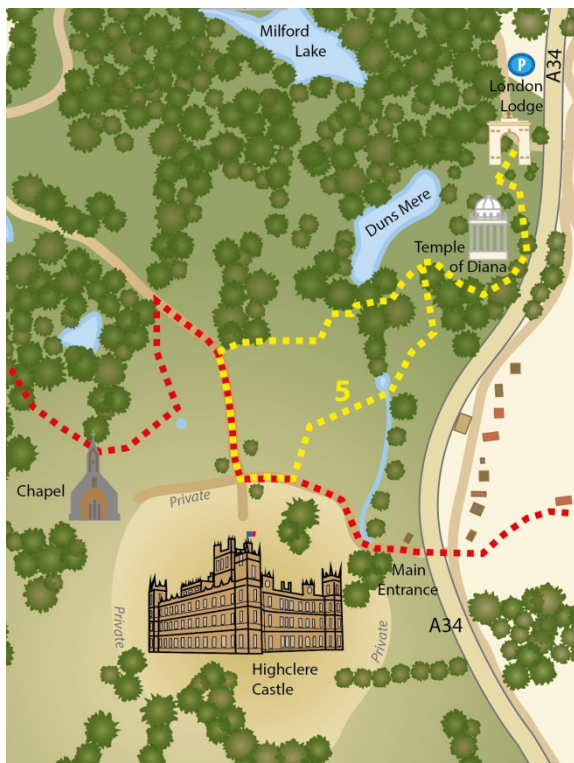

**Open:** Spring Bank Holiday weekends and then 7 days per week throughout July and August.

**Dogs:** No dogs are allowed on this walk as it runs through areas where livestock are free to graze.

**Description:** Visitors may walk to view the Temple from either the stile by London Lodge, or from the footpath that runs through Highclere Park. London Lodge was historically the main entrance to the Castle, providing glimpses of the Castle as it wound around the landscape.

The Temple of Diana lies midway along the walk and has been restored by the 8<sup>th</sup> Earl of Carnarvon with help from the English Heritage, Hampshire County Council and BDBC. A grassy track and stile at the foot of the Temple leads to a walk across a field to rejoin the footpath in the middle of the park.
